

# Health care with a heart

**State of Kansas**  
2022 enrollment information

# Healthy happens here

At Aetna®, we put our members at the heart of everything we do. And we take care of the whole you — mind, body and spirit. No matter where you are on your path to better health, we provide programs and opportunities to help you feel and be your best.

## One of America's largest provider networks

Your Aetna plan has national strength with a local focus. The State of Kansas plan options access our largest national network, Aetna Choice® POS II, which provides:

- 1.2 million health care providers
- 5,700+ hospitals
- 700,000+ primary care doctors and specialists

Even if you're not enrolled yet, you can visit **AetnaStateofKansas.com** to check if your doctor is in the network.

## Technology at your fingertips

The Aetna member website and Aetna Health<sup>SM</sup> app let you find doctors, compare health care costs, review claims, view your medical ID card and more. Once you register at **Aetna.com**, the site will be personalized for you each time you log in. You can also download the **Aetna Health app** to access the best features of the website — right from your smartphone.

On both the member website and app, you'll find tools to make health care easier:

**Provider search tool** It all starts with the right providers. Look for doctors, specialists, walk-in clinics, hospitals and even network labs that are in the network. Read patient ratings and reviews to help you choose.

**Cost estimator tool** Did you know that doctors can charge very different costs for the exact same service? Get actual costs of procedures and treatments using providers and facilities in your area. This tool factors in your plan details like your remaining deductible and your copay or coinsurance. Members who use price-comparison tools save money.

## Virtual care with Teladoc®

Teladoc lets you to talk with doctors by phone or video. Get help from the privacy of your home or anywhere you feel comfortable. It's fast, convenient and confidential.

### There are three kinds of care through Teladoc:

**General medical** Talk with a doctor 24/7 for non-emergency conditions, such as flu symptoms, sinus infections, sore throats, headaches and more. They can prescribe medications when medically necessary, too.

**Mental health** Talk with a licensed behavioral health care provider seven days a week. Establish a relationship with a psychiatrist, psychologist, therapist, counselor or social worker for confidential help with anxiety, depression, stress, relationships and more.

**Dermatology** Get guidance from a licensed dermatologist to treat common or ongoing skin conditions like psoriasis, skin infection, rosacea and more. Share images to receive a diagnosis within two business days.

## Health care on the move

You've got poison ivy, and it's bad. Pull out your phone and use the Aetna Health app to find an urgent care center close to home. Need a follow-up visit with a specialist? Use the app to find the right doctor. You can also track your spending and progress toward your deductible. It's health care that moves with you.

## Four State of Kansas plan options

Here are the four State of Kansas plan options available to you for 2022. The chart compares out-of-pocket costs for some common medical services provided in network. You can go outside the network for care, but you'll usually pay more. Open Enrollment materials will include more plan details. You can also visit [AetnaStateofKansas.com](https://www.aetna.com/kansas).

**Please note:** All changes from last year are bolded in the chart. Plan Q is no longer offered.
